Service in the Community

As another year of Strawberry Days passes, I am once again reminded how much people care about their community. I love the pride that residents feel about living in Pleasant Grove. I'm grateful that people act on that pride and serve to make our community better in so many ways.

I have witnessed the numerous volunteer hours that MANY people give to pull off a huge community event such as Strawberry Days. The Strawberry Days Committee is broken up into different parts. Each of these parts has a small army of volunteers that make it happen. There are various aspects such as volunteering in the concession stands or topping strawberries that save our community thousands of dollars to pull off such a grand event. There is not enough room in this article to cover all the different types and ways service is rendered during our festival.

Other service I have witnessed is through our local Boy Scouts. It feels like there isn't a day that goes by in which I see a Boy Scout meeting with Deon Giles, PG's Parks and Recreation Director, to line up an Eagle Scout project in our community. These service hours are critical to enhancing the many services that the City provides. It gives much needed help during times of a tight budget.

We have participation and volunteer hours from local businesses and residents serving on our city boards and commissions, service groups, and also many unknown and unseen ways in which residents are serving one another.

**Please let me thank all of you that act
on your pride for our community.**
