Pleasant Grove Public Works

Recommended Use of Secondary Water

The City will start filling the secondary water system around April 11th, this process generally takes a few weeks to get all of the air out of the system and begin properly providing water.

Everyone is being asked to wait until **May 1st** to start watering. The following is the recommended watering procedure:

- Please check your valve to make sure that it has been turned off from the winter months.
- Open your valve slowly to check for leaks and broken pipes.
- If you have a broken pipe it was most likely frozen throughout the winter months.

Due to the ongoing drought we will continue this year with a watering schedule. If your house number is odd your watering days are Mon., Wed., and Fri. If your house number is even your watering days are Tues., Thurs., and Sat. We will be monitoring water usage for noncompliance to watering days and wasting water again this year. Compliance officers will be working around the clock. Please adhere to your days and conserve where you can.

Pleasant Grove City Clean Up Days are Sat, April 23rd through Sat, April 30th, from 8am-8pm at the **OLD PIPE PLANT (400 N. 350 W.)**. This is for the Residents of Pleasant Grove City to help in disposing of their garbage from their yard and home. Please dump in the appropriate dumpster. There will be a P G City Employee to assist you as needed. **No hazardous materials, Paint, Tires, Cement, Televisions, Computers, Electronics or Chemicals will be accepted.** Green waste must be clean with no garbage mixed in with it. **There will be no dumping before or after hours.** We appreciate all the work you do to keep Pleasant Grove beautiful.
