SPRING RUNOFF: To control water runoff, we request help in cleaning the ditches within the city. Please clean the ditches in your neighborhood to protect your home from the Spring runoff.

PRESSURIZED IRRIGATION WATER SYSTEM

The Pleasant Grove Water Department will start filling the secondary water system April 15, even though there will be water in the system, everyone is being asked to wait until **May 1** to start watering. In preparation for the irrigation season, we recommend the following.

- Check your valve to make sure that it is turned off until lines are full.
- Open your valve slowly to check for leaks and broken pipes.
- If a pipe is broken it most likely froze throughout the winter months.
- The city recommends/suggests that you put a drain in where the pipe was broken when you fix your pipe as that is likely a low spot that will continue to freeze each winter and potentially break.

Although we may have some additional available water this year, over watering will still cause significant problems in being able to manage the delivery and storage of water in our secondary water system. In order for the system to operate more efficiently for everyone, we are still asking that residents follow the watering schedule that has been established over the past number of years. If you have an odd house number you water on Mon, Wed and Fri. Those with even house numbers water on Tue, Thur and Sat. This requires watering during the day as well as at night. Still no watering on Sun except the big users scheduled by the City. It is recognized that watering during the day is less efficient but it is necessary to better balance water use with supply. If you have any questions please contact the Water Department at 801-785-2941.

Marty Beaumont ~ Public Works Director

CITY CLEAN UP DAYS

Pleasant Grove Clean Up Days are Sat April 15, April 17-23, from 8 am to 8 pm at the **OLD PIPE PLANT (400 N 450 W)**. For the Residents to help in disposing of their garbage from their yard and home. Bring your garbage to 400 N 450 W. Please dump in the appropriate dumpster for the material you are dumping and ask the onsite supervisor where you should dump if you are not sure. There will be a PG City Employee to assist you as needed. **No hazardous materials, paint, tires, cement, televisions, computers, electronics or chemicals will be accepted.** Green waste must be clean with no garbage mixed in with it. **There will be no dumping before or after hours.** We appreciate all the work you do to keep Pleasant Grove a beautiful community. Questions call Public Works 801-785-2941.

For more information call 801-785-6172

See enclosed flyer for more Recreation Sports and registration information.

Water Wise

Thanks to the efforts of countless scouts and leaders, Pleasant Grove homes have been supplied with our city's Water wise efforts. Each home received a colored flyer and reminder magnet to promote water conservation. We encourage every family to review the tips and recommendations to help preserve our city's precious water supply. Being "water wise" means conserving as an individual, family, and community. By doing our part, we can make a **BIG** difference for our current and future community.

Here are 3 examples of our "water wise" tips:

- Set your mower to 2.5 to 3 inches to shade roots and better hold moisture
- Always match the laundry water level to the load size
- Soak pots & pans instead of letting the water run while scraping them clean

Help today by taking the pledge as a family!

Log onto conserve.plgrove.org/pledge. By doing so you can receive a window sticker displaying your community support, and will be entered into our regular drawing.
