As the Parks and Recreation Department

gears up for spring and summer activities, I am reminded of what it takes to provide the many opportunities we have as a community. I look at the beautiful mountains that provide hiking, biking and equestrian opportunities, the parks and trails within the community, ongoing special events and a variety of programs for all ages. We live in a beautiful area with so many opportunities to be active and enjoy a wonderful quality of life.

We as a city could not provide the many opportunities without the help of many volunteers. Pleasant Grove is very lucky to have citizens who are willing to provide service to their community. The service provided allows the City to operate more effectively reducing the need for additional staff. There are citizens who meet regularly on Boards, Commissions and Committees that help provide support and direction for the City. Others provide coaching for the youth in the community. Some provide a wide range of labor intensive projects.

Businesses, church groups, scouts, families and individuals volunteer thousands of hours each year helping Pleasant Grove become the beautiful community that it is. Projects such as planting flowers and trees, trail work, painting, minor construction, landscape installation, regular maintenance, noxious weed removal, special events, educational classes, and general cleanup. We hope to have a page on our web site where residents can look at the projects available and sign up on line in the next few months.

I would like to personally thank all of you who volunteer of your time and talents in making Pleasant Grove an incredible city. Without you, we could not accomplish and offer the range of opportunities and the quality of life we all enjoy.
